

EmployerServices@WeymouthCollege Special Apprenticeship Edition 2021

National Apprenticeship Week 'Build the Future'

'Build the Future' is the theme for NAW2021, taking place between 8 and 14 February, aiming to encourage everyone to consider how apprenticeships help individuals to build the skills and knowledge required for a rewarding career.

As a result of the pandemic and many individuals relying on technology and virtual meetings more than ever. National Apprenticeship Week this year will be different, but just as exciting!

NAW2021 will celebrate the motivating stories of how apprentices have helped business adapt and build during a difficult year.

Join us as we look to celebrate our fantastic apprentices, their supportive Employers and their achievements and career success stories.

We will also be hosting an online networking breakfast on Friday 12th February, where we invite our local employers—to discuss the impact of the current climate, local business needs and how the Employer Services Team are here to support.

If you would like to get involved in any of our events then please contact Sarah Barnett—Head of Business Development on sarah_barnett@weymouth.co.uk.

And stay up to date with all our activity on our social media channels.

Apprenticeship Testimonial

"My remote learning experience has been better than I ever expected both my employer and my assessor have been incredibly supportive throughout,"

"I feel I have been provided with the best resources to guide me towards my end point assessments through webinar presentations"

"I was worried that my learning would be hindered however this was a false assumption."
