Why training will help your business?

The feedback we have received from local businesses throughout the lockdown is that by offering training to their employees this has helped them feel motivated and valued. We are constantly reviewing our range of apprenticeships and commercial training solutions to ensure we can continue to help meet this need and enable businesses and individuals to drive forward.

To view all the training on offer with Employer Services [click here](#).

Good luck to all of the businesses opening their doors again following the easing of Covid restrictions!

Work Experience

Can your business offer work experience placements? We have a number of students looking for opportunities to work with amazing employers. If this is something you can offer please contact Employer Services.

Kickstart

KICKSTART
SCHEME

PLANET
JOBS

Proud to be a
Kickstart gateway

We're extremely proud to be a Gateway Organisation for the KickStart scheme & are delighted with the progress of the Initiative so far. Each week we're adding new vacancies & working with new employers, all focussed on creating exciting job roles for young people locally to apply for. With 31st December 2021 being the deadline for new placements, there's still plenty of time for your company to get involved. Employers are entitled to £1500 grant to help support the placement in their role & will be reimbursed the salary payments for 25 hours per week at the national minimum wage for the duration of the 6 month placement. To find out more & to complete our enquiry form [click here](#).

Traineeships

We will be launching traineeships in September 2021. To register your interest please contact Employer Services.
