CHOICES...

SCHOOL? SIXTH FORM?

COLLEGE? WORK?

It can be a tough decision but it is very much your decision. And seizing the opportunity to consider all the options, to take the important decisions and make up your own mind is part of what makes the college experience so different from school.

At Weymouth College we have an inspiring centrally-based campus offering over 200 courses in a wide range of study areas. Coupled with our unrivalled apprenticeship opportunities and ever growing range of higher education and degree-level options – offered in conjunction with Plymouth University – you can do virtually anything you want here at Weymouth College.

So, whoever you are, whatever your background, wherever you're planning to go – if you have decided that you want to get work-ready and you like the idea of studying in a professional setting with inspiring staff, we could be just what you are looking for.

This guide will help to give you the information you need to start to decide if our college is right for you. I hope you find it interesting – I think it says a lot about us and what we believe in.

If you like what you see, I'd like to invite you to join us at one of our Open Events for a chat and to find out more. If you already have a subject area in mind, why not find out more about the study programmes available and the specific entry requirements by visiting our website at www.weymouth.ac.uk/courses. We very much look forward to working together with you in the future to help you achieve your goals.

Nigel Evans, Principal and Chief Executive

STUDENT UNION

DIFFERENT FROM SCHOOL

PEOPLE JUST LIKE YOU

We believe that inspiring spaces are where creativity blossoms so we have invested in facilities, technology and social spaces to create a learning environment that will bring out the best in students.

Wi-Fi enabled campus

So you can always stay connected.

Specialist Computer Suite

Connected to gigabit fibre broadband – so you can access the information you need, when you need it.

Moodle

A virtual learning environment for students, giving you access to resources and study programme materials direct from home so you can study your way.

Employability Suite

The suite offers students the ability to talk to staff about apprenticeship and casual work opportunities available.

College Square

Summer BBQs in College Square are legendary. With music playing in the College's student performance space, it's the perfect way to relax at lunch.

On-site café – proud to serve Costa

Coffee lovers will be in their element in our café with Costa hot and cold drinks. Unwind or perk-up in style.

Sixth Form common room

A great place to hang out.

The Lounge

A good place to relax and catch up with friends and sample a coffee or snack from the Deli. Open to students and the public.

Students can also enjoy the wide range of public facilities including:

- the Bay Theatre
- the HIX Academy training restaurant
- hair and beauty salons
- Jelly Babies Day Nursery
- gym and sports centre
- Redlands Community Sports Hub

SAMUEL MICO SCHOLARSHIPS AT WEYMOUTH COLLEGE

The Samuel Mico Scholarships at Weymouth College offers a programme of exciting activities and events designed to improve employability skills. Students who successfully complete the programme are able to apply for a paid internship with a local business in their chosen career area. Could you be our next star?

Contact the Student Support Team on 01305 764807 for more information.

NATIONAL CITIZEN SERVICE

Participate in the National Citizen's Service (NCS) and you'll develop skills that employers want, grow your confidence, get a great CV and make friendships that you will treasure for life.

You will:

- get active – tackling activities like rock climbing, surfing and kayaking.
- get involved – get to know your local community.
- make your mark – developing skills for work and life designing a social action project that can make a real difference to where you live.

Sounds like fun? You can find out more information by emailing: ncs@weymouth.ac.uk

THE PRINCE'S TRUST

Open to 16-25 year olds, the Prince's Trust Team programme is a 12-week personal development course developing confidence together with team-building, organisational, and motivational skills.

You will make new friends, get work experience and qualifications, develop practical skills and work on a community project

If you'd like to chat about the Prince's Trust Team programme, please contact: princestrust@weymouth.ac.uk

SPORTS & OUTDOOR ADVENTURE

No matter what you're studying, if you enjoy sport and the outdoors we have amazing facilities and opportunities - to join teams, get fit, stay healthy, learn something new or just have fun – including:

- competitive team sports and sports academies.
- Weymouth and Portland Adventure at the Weymouth & Portland National Sailing Academy.
- campus sports centre and gym.
- Redlands Community Sports Hub.

SUPPORTING YOU

We want you to enjoy your experience with us and we offer support to help you achieve your full potential.

The Student Support team provides information, advice, help and support at every stage, sensitively and in confidence. The team works closely with teaching staff to ensure an effective support system for each student, according to individual needs.

INFORMATION, ADVICE & GUIDANCE (IAG)

We offer free impartial information, advice and guidance to school leavers and adults thinking about studying at any level.

We can help you with:

- student finance
- choosing the right study programme
- career identification and career change
- CV development, application forms and interview techniques
- further and higher education
- support with UCAS application process.

To access this free service please contact us on: 01305 761100.

ADDITIONAL LEARNER SUPPORT

There is a wide range of support to all students with additional needs, from learning difficulties to mental health issues, dyslexia to special examination requirements. Services offered include; personal mentoring, support for mobility or sensory requirements, classroom support, learning resources, loan of specialist equipment and workshops.

CAREERS AND HIGHER EDUCATION

As a student you will have access to a careers programme which is supported by our online virtual learning environment, Moodle. There are opportunities to complete activities such as CV writing, interview preparation and one-to-one appointments with an advisor.

Many students who complete studies at the College progress to university. We guide and support any student who wishes to apply by helping them to research suitable study programmes and universities and to make an application.

They can help you make decisions about the future and access the right information to plan next steps including: careers, higher education, employment, apprenticeships and gap years.

STUDENT COUNCIL

The Student Council is the students' voice to help make improvements at the College. The Council provides student support, representation for students and organises social activities. Through the National Union of Students (NUS), students at the College have a national voice and opportunities to participate in national campaigns, events and conferences on a variety of issues which affect students.

SAFEGUARDING

Our students feel safe here and we are dedicated to maintain this. A safeguarding culture is actively promoted within the College; incidents of bullying, intimidation and harassment will be acted upon immediately. The College has a senior member of staff who leads on safeguarding along with a team of trained Safeguarding Officers. Immediate access to a Safeguarding Officer is available to all students and staff at college. The College ensures that safe recruitment practices are followed when employing staff and volunteers.

COUNSELLING AND MULTI-FAITH CHAPLAINCY

Counselling is a confidential service available to all students at the College whether full-time or part-time. Experienced counsellors are available for one-to-one confidential appointments. The College Chaplaincy team has a dedicated multi-faith room which is used for prayer or quiet contemplation and is open to all.

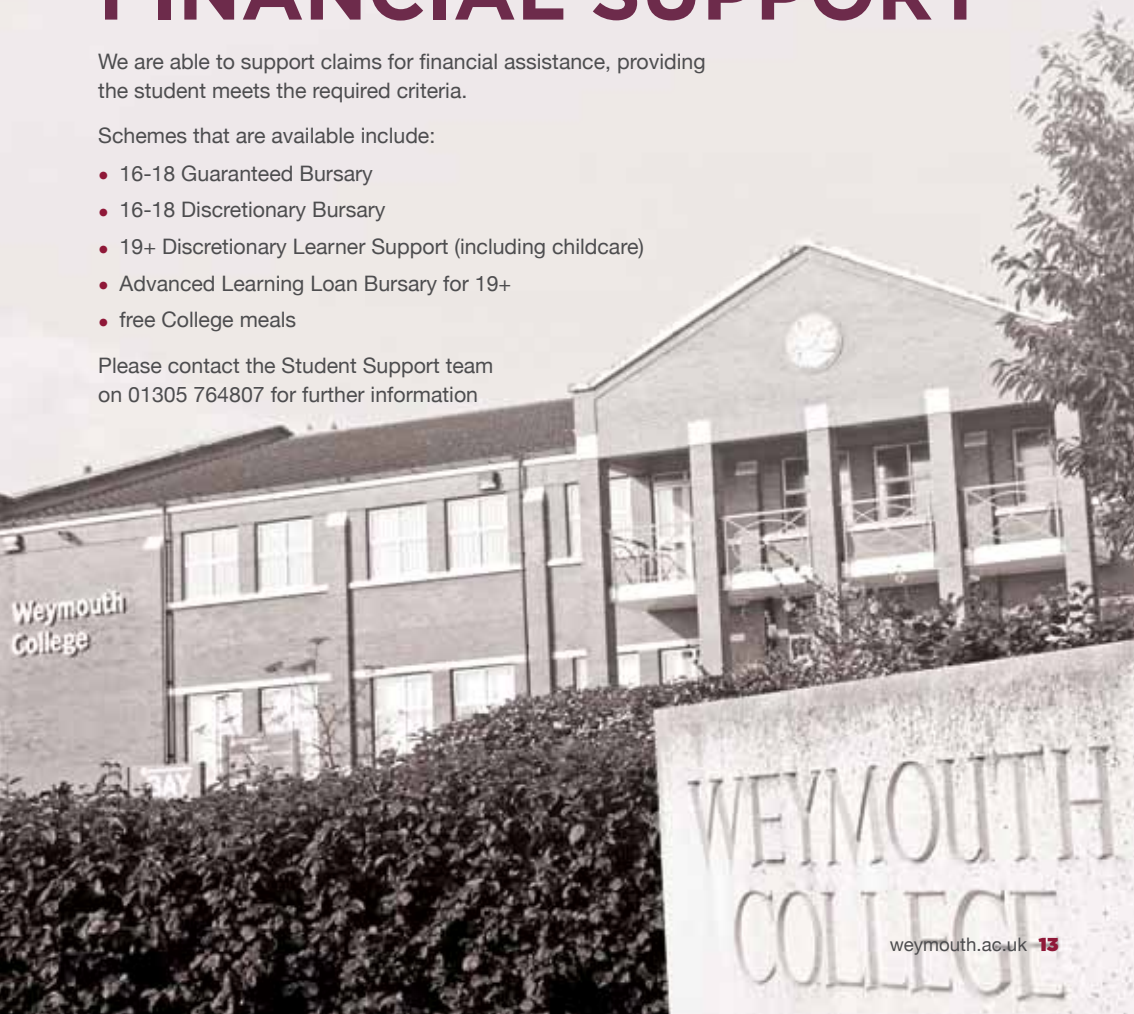

FINANCIAL SUPPORT

We are able to support claims for financial assistance, providing the student meets the required criteria.

Schemes that are available include:

- 16-18 Guaranteed Bursary
- 16-18 Discretionary Bursary
- 19+ Discretionary Learner Support (including childcare)
- Advanced Learning Loan Bursary for 19+
- free College meals

Please contact the Student Support team on 01305 764807 for further information

INFORMATION FOR **PARENTS AND GUARDIANS**

We value our relationship with parents and guardians. We believe that a strong partnership between our students, their parents and guardians, and ourselves is vital in providing the structures and support systems needed to ensure that our students work hard, succeed in their studies, and develop the personal and employability skills needed to give them an edge in a competitive job market.

TO HELP BUILD THIS PARTNERSHIP, WE PROVIDE:

- a personal tutor for each student at the start of their study programme who will be monitoring learning and attendance throughout the year and will be your first point of contact.
- regular progress updates, accessible online from home. A record of the one-to-one tutorials and termly reviews will be entered onto each student's record which is accessible to parents at any time.
- regular feedback through Parents' Evenings.
- a safe and secure environment.

Students will be issued with a photo ID badge, which they will need to access services and exams. Our students tell us they feel safe on campus and we have a dedicated safeguarding officer whose primary responsibility is ensuring our students continue to feel this way.

BENEFITS BEYOND THE CLASSROOM

We have a fantastic sports and activity programme for non-sports students which helps build teamwork and leadership skills as well as being great fun and good exercise.

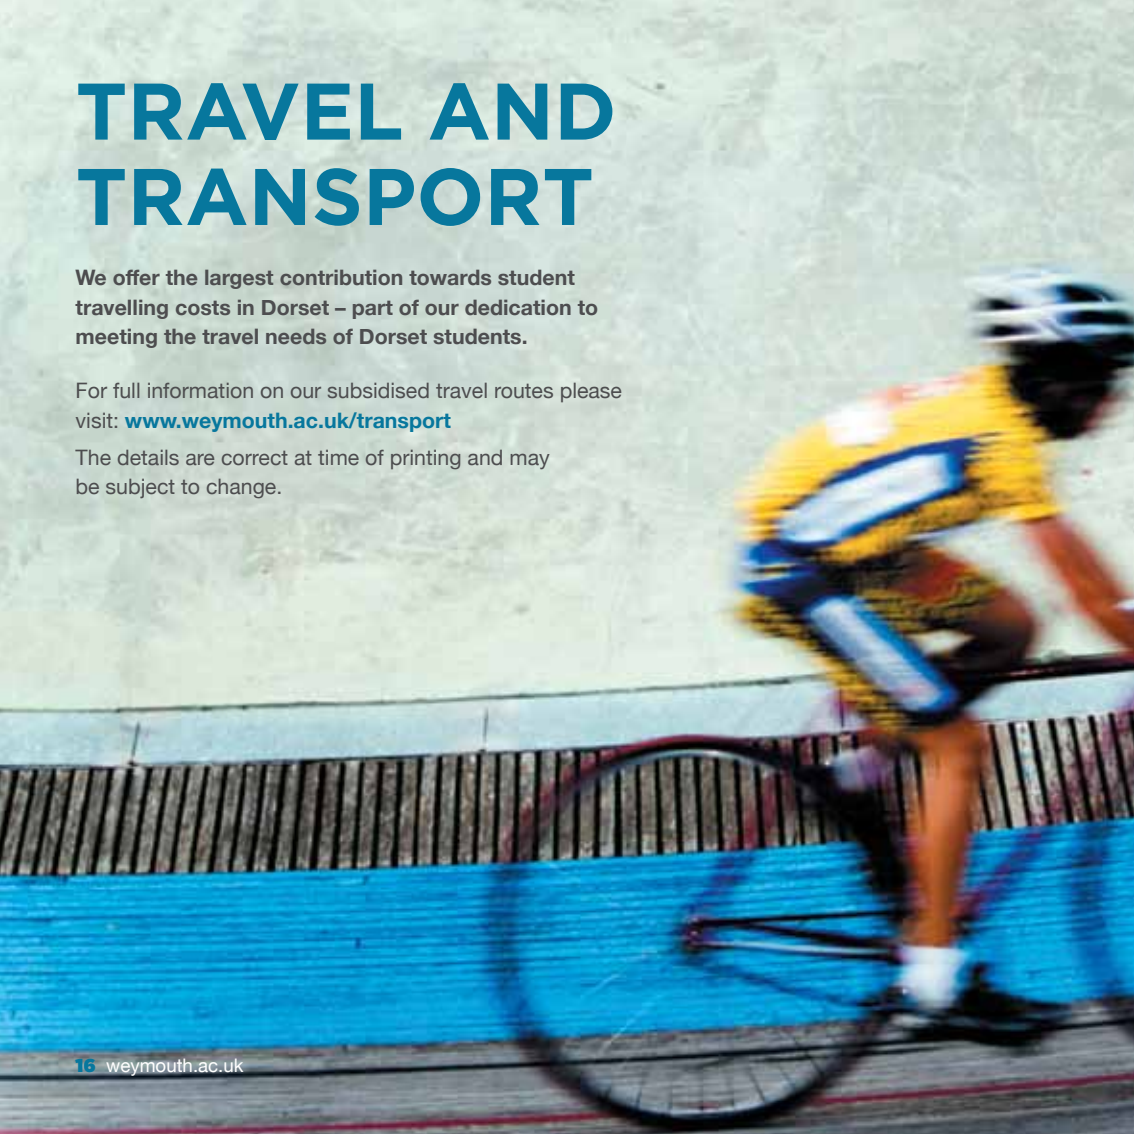

Combine this with impressive success rates that are rising faster than the national average, a comprehensive package of student support and financial assistance and a redeveloped campus that provides an inspiring learning environment, and it's easy to see why Weymouth College is described as a high performing and inclusive college. We're very proud of this and believe it's what sets us apart from others.

TRAVEL AND TRANSPORT

We offer the largest contribution towards student travelling costs in Dorset – part of our dedication to meeting the travel needs of Dorset students.

For full information on our subsidised travel routes please visit: www.weymouth.ac.uk/transport

The details are correct at time of printing and may be subject to change.

We have extensive travel links.
Our students travel from:

The College provides its own coach and minibus services including:

- coaches for students who travel from East Dorset.
- minibus service for students who live north of Dorchester.
- dedicated bus service for students travelling from Beaminster and Bridport.

If you live more than five miles away from the College and are on a public transport route, you may be able to get a subsidised bus pass or train pass. Most services operate past the College so it's easy to get here and, when you consider that our students pay the lowest contribution charge towards their travel costs, it's an affordable, safe and reliable way to travel.

Students who wish to park in the campus car park will need to purchase a parking permit, currently £24 per academic year.

EDUCATION THAT'S **MORE THAN** A CERTIFICATE

Students leave Weymouth College with more than just a certificate. We help them to become work-ready. The world is changing, ideas of work are evolving and the College is constantly adapting to stay ahead.

The development of our new Employability Suite – opened in October 2015 – is testament to the College's commitment to place employability at the heart of the student experience.

It's proof of an enterprising college that it is willing to think differently, embrace new models of learning, develop strong and close ties with local businesses and employers, and operate in ways that will provide students with the skills necessary to contribute to the economic growth and productivity of the region.

Based off the Main Reception, the Employability Suite is open for all to visit. In the suite you will be able to find out information on:

- apprenticeship vacancies
- casual paid work
- work experience
- Samuel Mico Trust Scholarship

APPRENTICESHIPS

If you're already employed or want to train on the job, an Apprenticeship or Work-Based Learning (WBL) qualification will allow you to get qualified, get paid and get a career all in one go.

- apprenticeships are available to anyone aged 16 and over.
- earn while you learn.
- apprenticeships – available at Intermediate, Advanced and Higher levels.
- learn the very latest skills relevant to your job.

Apprenticeships are a great way to gain valuable workplace experience whilst still studying the processes and skills of your chosen area in more detail. Some of the most successful people in the country today started their careers as apprentices.

Did you know that a successful advanced apprentice can expect to earn from £77,000 to £117,000 more, over their lifetime, than a similar individual with a Level 2 qualification?

To become an apprentice, you need to be able to demonstrate that you have the potential, motivation and commitment needed to gain the high quality skills demanded by business and industry. Although you do not need any formal qualifications to start, you shouldn't be fooled into thinking they're an easy option. Apprenticeships can be demanding, but also very rewarding.

For full details on apprenticeship opportunities at Weymouth College contact apprenticeships@weymouth.ac.uk

HIGHER EDUCATION AT DEGREE CENTRE WEYMOUTH

Degree Centre Weymouth is our campus-based Higher Education centre, offering a range of university level courses specifically designed to provide the opportunities and key skills needed for both work and degree-level study. Our ever-expanding course portfolio has been developed in close partnership with our awarding bodies.

FOUNDATION DEGREES FDA/FDSC

IN PARTNERSHIP WITH
PLYMOUTH UNIVERSITY

As a Weymouth College student studying on a partnership course with Plymouth University you are part of a wider community of approximately 14,000 Plymouth students studying off campus at one of over 20 partnership institutions.

Foundation degrees – delivered in partnership with degree awarding bodies, sector skills councils and employers – are modern qualifications designed to increase access to and widen participation in Higher Education and are one of the quickest and most convenient routes, particularly for students who prefer to study locally.

Full-time Foundation Degrees are two year courses often timetabled to take place over two or three days a week.

Students who successfully complete their Foundation Degree may decide to apply for a top-up further year at Plymouth or another University to study an Honours Degree.

ACCESS TO HIGHER EDUCATION

Access to Higher Education normally acts as entry onto the first year of an Honours degree or Foundation degree course. This is a one year, two day a week course, nationally validated through Ascentis Awards. The A2HE programme is designed for students aged 19+ to gain entry to Higher Education across a range of subjects.

HIGHER NATIONAL CERTIFICATES (HNC) AND HIGHER NATIONAL DIPLOMAS (HND) IN PARTNERSHIP WITH PEARSON

HNCs (Higher National Certificates) and HNDs (Higher National Diplomas) are work-related (vocational) higher education qualifications. They are highly valued by employers both in the UK and overseas, and can also count towards membership of professional bodies and other employer organisations. HNCs can take one year to complete full-time and two years part-time (or in other situations such as distance learning). HNDs take two years full-time and can also be taken part-time (which takes longer).

The full range of Higher Education courses available at Degree Centre Weymouth include:

Foundation Degrees

- Actor Training
- Contemporary Fine Art Practice
- Contemporary Photography Practice
- Creative Media Production
- Health and Social Care
- Public Services
- Sport; Coaching, Health & Fitness

Higher National Certificate (HNC)

- Business & Management
- Manufacturing Engineering

Higher National Diploma (HND)

- Biomedical Science
- Music Performance
- Digital Arts & Technology
- Performing Arts
- 3D Modelling and Animation for Games (subject to validation)

Access to Higher Education

- Humanities
- Science
- Teaching

For full details on Degree Centre Weymouth and our range of courses visit **www.weymouth.ac.uk/dcw/** or contact Roz Osborne our Higher Education Registrar on 01305 764733 or by email **roz_osborne@weymouth.ac.uk**

FEES AND FUNDING

Tuition is at present free if you will be aged 16-18 at 31st August 2017.

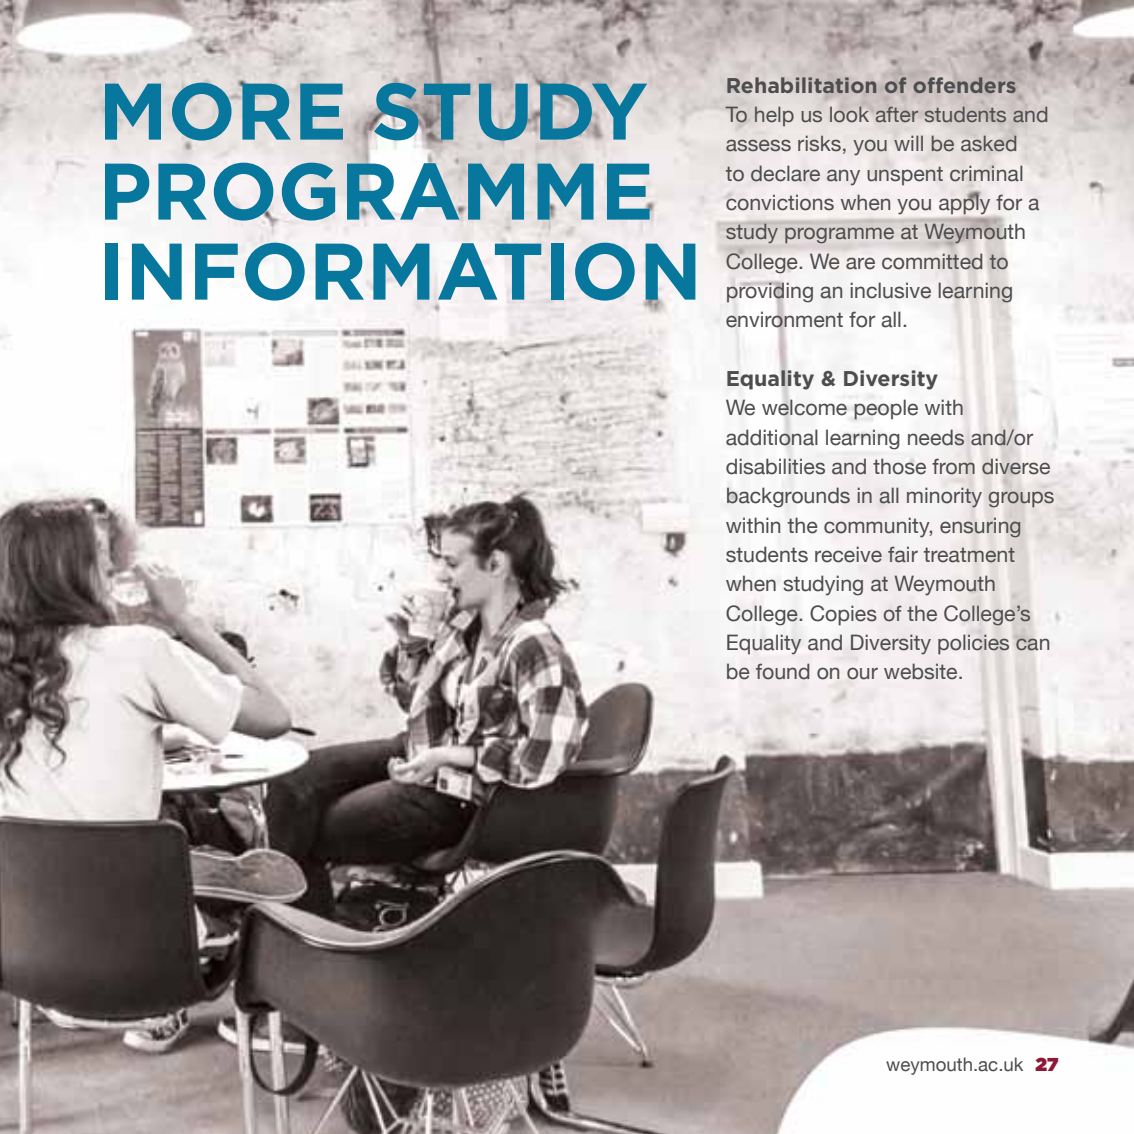

If you are aged 19-23, enrolling on an advanced qualifying course and have already achieved a full L3 qualification, or you are aged 24+ and enrolling on an advanced qualifying course, you may be entitled to apply for the Advanced Learner Loan.

For information and advice on fees and loans please contact Lin Gisborne on 01305 764723 or email lin_gisborne@weymouth.ac.uk

Bursary funds

There are financial support arrangements for 16–18 year olds and hardship funds available for the over 19s. Please contact our Information Centre for details of costs and concessions on 01305 761 100 or email igs@weymouth.ac.uk

MORE STUDY PROGRAMME INFORMATION

A black and white photograph of two young women sitting at a small round table in a study or common area. They are both looking at a poster on the wall behind them. The poster appears to be a collage of various images and text. The room has a casual, modern feel with contemporary chairs and a textured wall.

Rehabilitation of offenders

To help us look after students and assess risks, you will be asked to declare any unspent criminal convictions when you apply for a study programme at Weymouth College. We are committed to providing an inclusive learning environment for all.

Equality & Diversity

We welcome people with additional learning needs and/or disabilities and those from diverse backgrounds in all minority groups within the community, ensuring students receive fair treatment when studying at Weymouth College. Copies of the College's Equality and Diversity policies can be found on our website.

CHOOSING THE **RIGHT STUDY PROGRAMME** FOR YOU

A photograph of a computer workstation. A black monitor is on a white desk, with a black keyboard in front of it. The background is a plain white wall.

Studying with us will give you more than just an education; we will help you to develop the skills to land a job, not just pass an exam. The world is changing, ideas of work are evolving and the College is constantly adapting to stay ahead.

The College reserves the right to withdraw or add study programmes depending on demand and class sizes. Please check our website for the latest information.

Our study programmes range from Entry Level through to Level 5 and include qualifications such as Higher Education, NVQs, BTECs, GCSEs and A Levels to name a few.

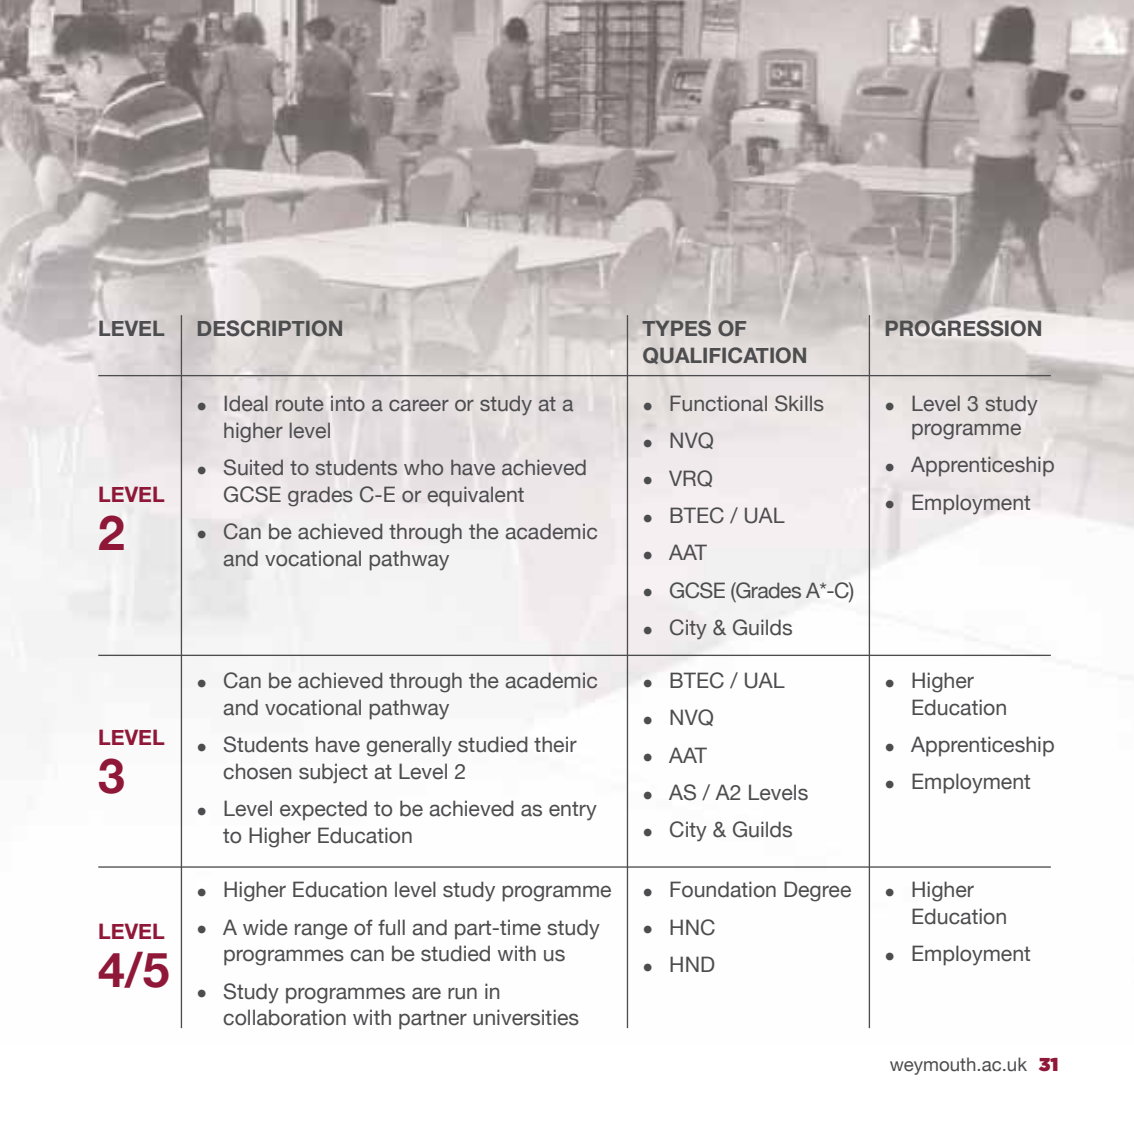

Choosing which study programme is right for you can seem daunting, but it doesn't have to be. The table on pages 30 and 31 will help you to decide which level is right for you. Just think about the following and decide how you fit into the table.

- your interests
- the subjects you enjoy
- how you learn the best
- your goals
- your current grades

Don't forget that if you're unsure, you can always contact us.

OUR STUDY PROGRAMMES

LEVEL	DESCRIPTION	TYPES OF QUALIFICATION	PROGRESSION
ENTRY	<ul style="list-style-type: none"> • Designed for you if you have no qualifications • Will help to improve your reading, writing and IT skills • Work in small groups • Enjoy practical activities • Lots of help and support available 	<ul style="list-style-type: none"> • Functional Skills • Record of achievement • Evidence of personal development 	<ul style="list-style-type: none"> • Next entry level study programme • Level 1

WHAT ENTRY REQUIREMENTS WILL YOU NEED FOR YOUR COURSE?

We welcome applicants with a wide range of qualifications and experience. Enthusiasm, commitment and a desire to learn are also very important. All prospective students will be invited to interview. You will find the main academic requirements for each study level listed here.

Please note that this information is for guidance only and may change.

Visit www.weymouth.ac.uk/courses for complete details of the precise entry requirements for each of our courses.

Foundation Studies/Routes into

- No specific entry requirements

Entry Level

- Competency in English and Maths

Level 1 Diploma

- 2/4 GCSEs at Grade E or above including English and Maths/Science or equivalent or completion of Entry Level 3 Diploma or Construction Multi-Skills Entry Level

Level 2 Diploma, Bay Studios Company 1

- Ideally 4/5 GCSEs at Grade D or above including Maths and English. Science will be required for some construction and engineering courses
- Other related Level 1 or Foundation certificate
- Related work experience

NEW GCSE GRADING SYSTEM

A new grading system for GCSE exam results is being introduced from Summer 2017. Eventually, all GCSE exams will be graded from 1 to 9 rather than the current A* to G, with 9 the highest grade. GCSE Maths, English Language and English Literature will be the first subjects to be graded under the new system in 2017 and we will be looking for the equivalent of a Grade C pass. Other GCSE subjects will be graded under the new system over the following two years.

A Levels

- 5 GCSEs at Grade C or above including English and Maths. There may be further specific entry requirements depending on the subject(s) to be studied

Level 3 Extended Diploma, Bay Studios Company 2

- 5 GCSEs at Grade C or above including English and Maths (or equivalent). Maths at Grade B and Science will be required for some construction and engineering courses. Art will be required for some art and design courses
- Level 2 Certificate/Diploma in related subject with merit or distinction

Higher National Certificate (HNC)

- 5 GCSEs at Grade C or above including English and Maths

- 1 subject specific Level 3 award - A level/National Award/National Diploma/Access to Higher Education Award/work-based NVQ3 or Advanced Apprenticeship

Higher National Diploma (HND), Bay Studios Company 3

- 5 GCSEs at Grade C or above including English and Maths
- 1 subject specific Level 3 award - A level/National Award/National Diploma/Access to Higher Education Award/ work-based NVQ3 or Advanced Apprenticeship

Foundation Diploma Level 3/4, Company 3

- 5 GCSEs at Grade C or above including English and Maths
- At least 2 A levels or a National Award or National Diploma

YOUR **NEXT STEPS** AND HOW TO **MAKE AN APPLICATION**

- 1** **Have a look through our course pages**, compare the subjects available and get a feel for what appeals to you.
- 2** **Once you've decided on a subject**, you can find out more information and gain an understanding of exactly what you'll be studying on that study programme by visiting the dedicated study programme page on our website.
- 3** **Pop along to one of our Open Events in October, November, February or June** to speak to current students and staff and see where you could be studying. Don't forget to book your open event place online at **www.weymouth.ac.uk/book-open-day**. This is a great opportunity to ask lots of questions about the study programme to people who are actually teaching and studying it.
- 4** **Apply online** – once you have decided on the study programme, you can apply online, either at home or come into college if you need help or support. Applications need to be made online.
- 5** **You'll be offered an interview within 4 weeks of applying.**
- 6** **If you're offered a place on the study programme, work hard, have fun, get your grades**, have an epic summer and before long you'll be enrolling with us, online (from the comfort of your home if you wish), ready to start in September.

Don't forget if you have any questions or would like any advice or guidance, just give one of our friendly team a call on 01305 761100 and we will be very happy to help.

OUR COURSES

A LEVELS AND APPLIED SCIENCE

A levels open up a wide choice of career opportunities and are seen as a traditional route into Higher Education or employment.

The subjects you decide to study can really help to shape your future. Students at Weymouth College achieved a 98% pass rate at A2 level in summer 2016 and as always, a very high proportion of our students progressed to the university of their choice.

If you decide to study a BTEC vocational qualification with us, you may also have the option to study an A level alongside – A level Maths alongside BTEC Construction or Engineering or A level Biology or Psychology alongside BTEC Health and Social Care, Public Services or Sport & Exercise Science for example.

Studying combinations of subjects will provide you with the best opportunity for progression to university study programmes that have specific entry requirements.

CATERING AND HOSPITALITY

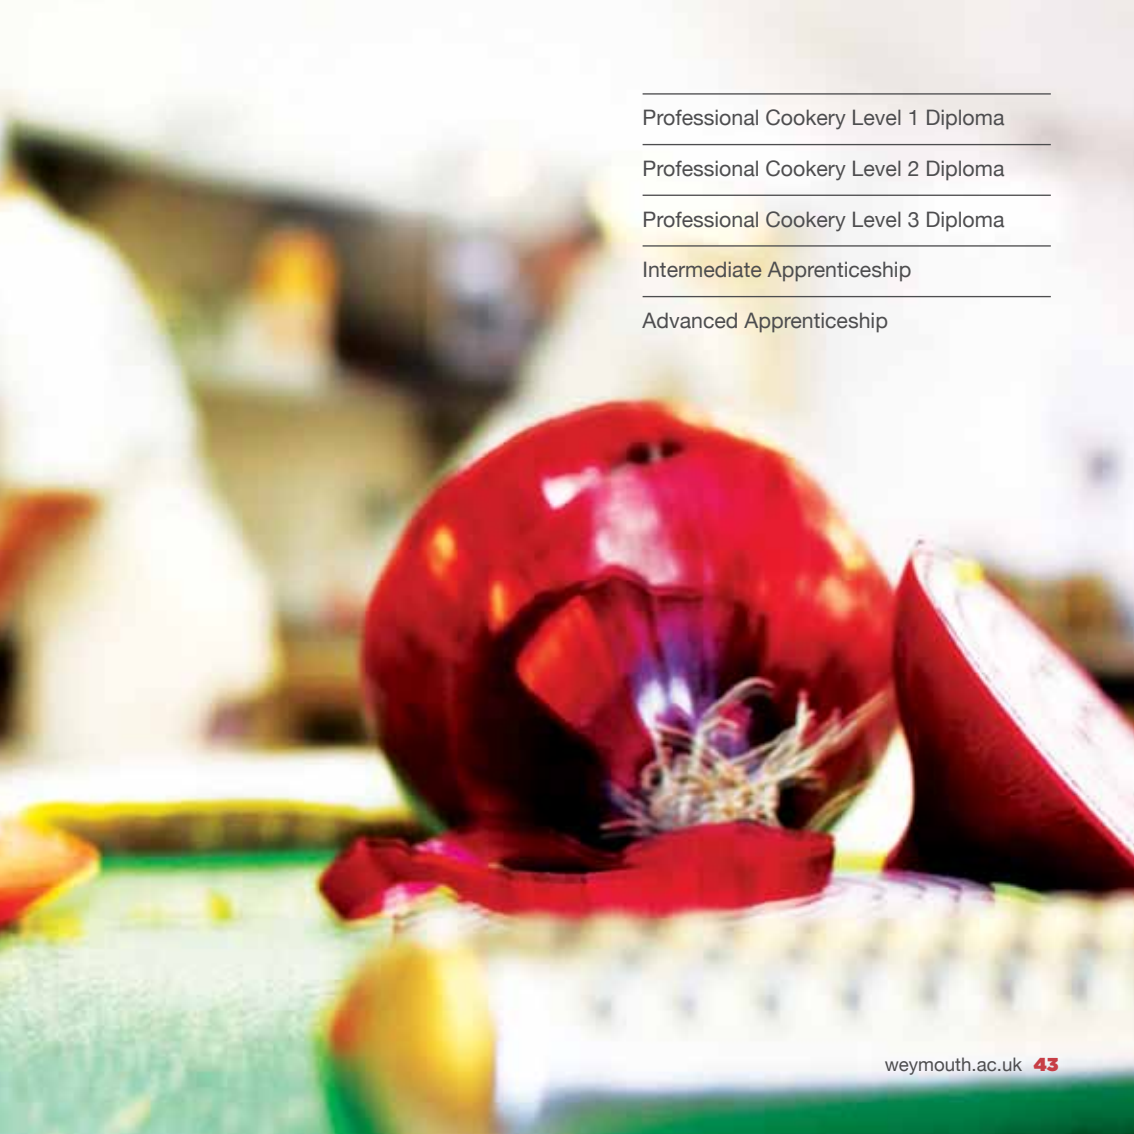

Food is a huge and ever-evolving market, with over 2.9 million people working in the hospitality and catering industry – that's around 9 per cent of all those currently employed in the UK.

If you are thinking about a career in this dynamic, flexible and fast moving 24/7 industry, there are many roles available. With experience and qualifications you could be working as an Events Manager, a Head Chef, a Restaurant Manager, General Manager or Catering Manager.

Our Catering and Hospitality study programmes open a world of opportunity at local, national and international level.

CONSTRUCTION AND BUILDING SERVICES

The UK construction industry comprises over 250,000 businesses employing over 2.1 million people in more than 700 different types of jobs.

It is anticipated that over the next five years over 200,000 new recruits will be needed to cope with demand, so this is a really good time to look at joining the industry*.

*CITB Construction Skills Network Report January 2016

Studying at Weymouth College will enable you to join the largest provider of construction education in South West Dorset. You will have access to modern facilities designed to develop the essential knowledge and skills needed for employment in this industry.

SPORT AND PUBLIC SERVICES

Working in the sports and public services industry offers a fast-paced, dynamic and thriving career with an ever-increasing demand for qualified staff. If you enjoy being physically active, work well in teams and enjoy helping others, then a career in this industry could be for you.

Studying here at Weymouth College is a very popular choice as our students have access to some of the best facilities around – an on-site gym (with sports hall and outdoor pitches), off-site gym (with sports halls, dance studio, squash courts and outdoor pitches) plus an outdoor centre based at the Weymouth & Portland National Sailing Academy. Our sport department was graded as outstanding by Ofsted in 2013 and holds an AoC Beacon Award.

WE ALSO OFFER:

- Supporting Teaching & Learning in Schools Certificate Level 2
- Training Assessment Quality Assurance (TAQA) Awards in Assessing Competence in the Work Environment
- A range of part-time and leisure courses
- A series of industry-led masterclasses.

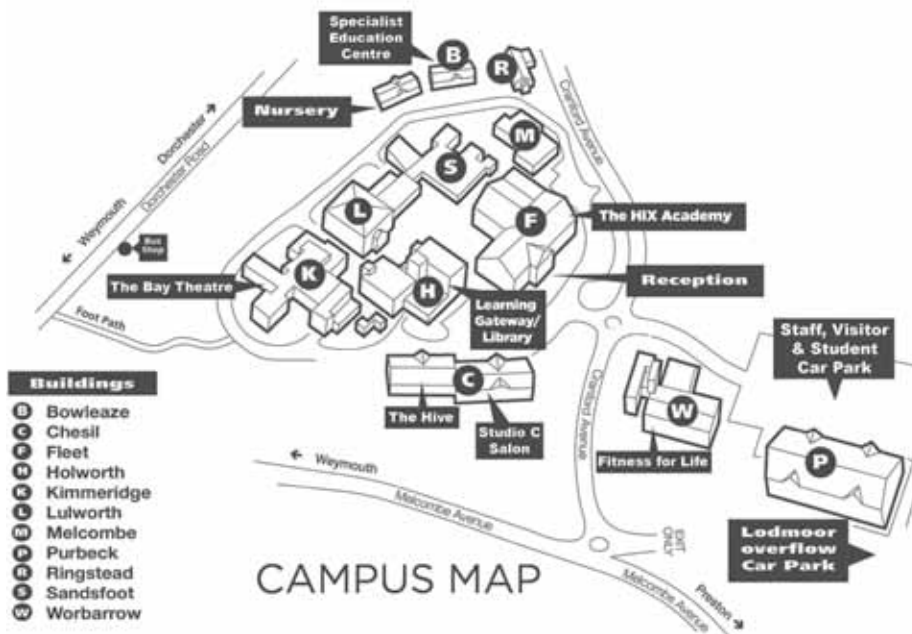

Please contact igs@weymouth.ac.uk for further details

DON'T FORGET: YOU CAN MAKE AN APPLICATION IN SIX EASY STEPS:

- 1** **Compare the subjects available** and get a feel for what appeals to you.
- 2** **Once you've decided on a subject**, you can find out more information and gain an understanding of exactly what you'll be studying on that study programme by visiting the dedicated study programme page on our website.
- 3** **Pop along to one of our Open Events in October, November, February or June** to speak to current students and staff and see where you could be studying. Don't forget to book your open event place online at www.weymouth.ac.uk/book-open-day. This is a great opportunity to ask lots of questions about the study programme to people who are actually teaching and studying it.
- 4** **Apply online** – once you have decided on the study programme, you can apply online, either at home or come into college if you need help or support. Applications need to be made online.
- 5** **You'll be offered an interview within 4 weeks of applying.**
- 6** **If you're offered a place on the study programme, work hard, have fun, get your grades,** have an epic summer and before long you'll be enrolling with us, online (from the comfort of your home if you wish), ready to start in September.

Don't forget if you have any questions or would like any advice or guidance, just give one of our friendly team a call on 01305 761100 and we will be very happy to help.
